

# BEGINNER'S GUIDE TO LOCK-ON TUBES... **1**

FIRST FIND A SUITABLE TUBE:

METAL IS BEST BUT PLASTIC & CARDBOARD TUBES WILL DO...

↑ ABOUT 2 1/2 TO 3 FEET (1M) ↓ LONG

**2** MAKE SURE IT'S LONG ENOUGH (TO STOP THE POLS SLIDING IT UP YOUR ARM) **!?**

**BUT NOT TOO LONG!!**

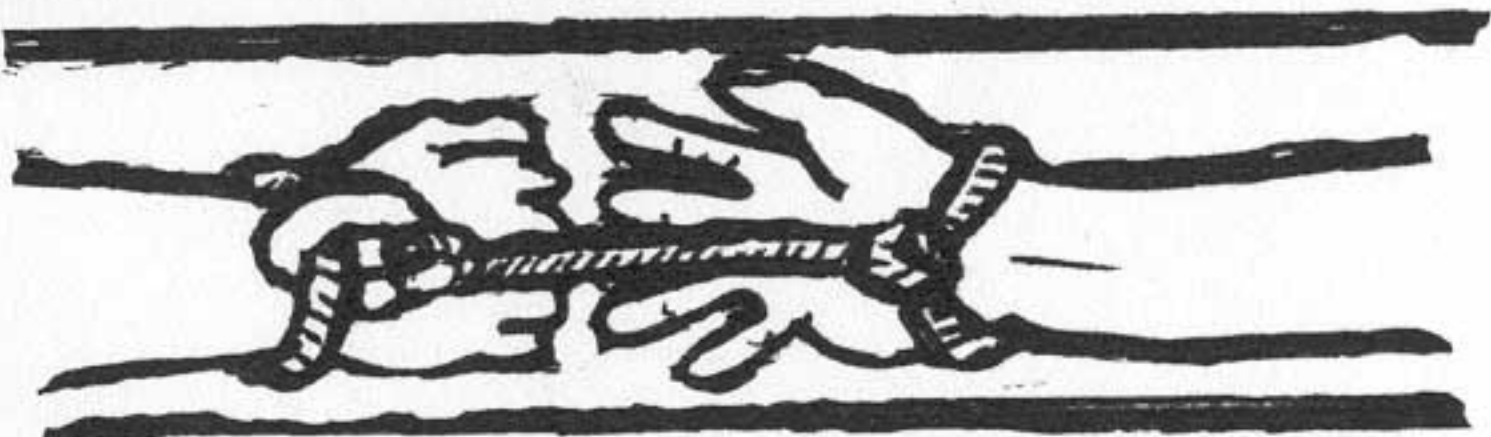

YOU CONNECT TOGETHER USING KARABINERS

YOU FIX THESE TO SHORT LENGTHS OF CHAIN OR ROPE

**3** AROUND YOUR WRIST

**4** YOU "LOCK-ON" TO THE CHAIN OR ROPE AROUND YOUR PARTNER'S WRIST

(OR YOU CAN JUST HOLD HANDS!)

**5** REMEMBER TO CAMOUFLAGE YOUR TUBE...

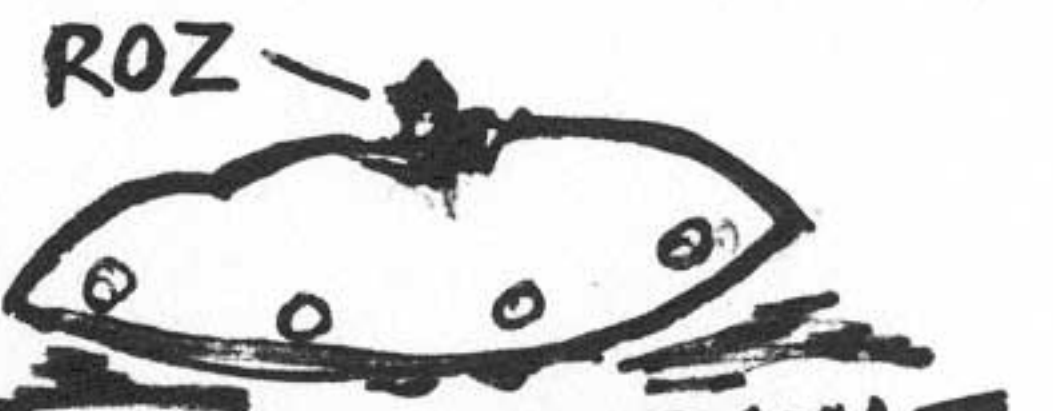

(AND KEEP THE ROPE & CHAIN HIDDEN)

**6** THINK **BIG!**
